This estate was all along remained in the hands of same family, till our Co. M/S Jayshree Tea & Industries Ltd. took it from them in the year 1969.

In the early year this estate was full of wild animals like Tiger, Leopard, and Elephant etc. and it needed lot of courage on the part of people to establish such a huge estate inside the forest area .Even now worker called specific area as BAGHMARA, SAP TAL etc.

The estate is surrounded by local villages which cropped up because of flourishing garden. One side of estate leads to world heritage GIBBON SANCTUARY. This is the only habitat of GIBBON monkey who incidentally never comes down to earth through their life cycle.
